ANIMALS' ANGELS

we are there with the animals

MAR 23 2006

This is in response to your October 27, 2005 Freedom of Information Act (FOIA) request for copies of all owner-shipper certificates of horses shipped to any slaughter plant by Leroy Baker (Sugarcreek Livestock), the time of loading the horses onto trailers in Ohio and the arrival time of the horses at the slaughter plants. You have requested information dated from December 1, 2003 to October 1, 2005. Your request was received on October 27, 2005 and assigned case number FOIA 06-058. I apologize for the delay of this response

Agency employees conducted a thorough search of their files and enclosed is a CD-ROM with 31 pages of responsive records which have been extracted from the Agency's Slaughter Horse Transport database. However, information has been withheld under Exemption 6 of the FOIA, 5 U.S.C. § 552(b)(6). This exemption protects information from disclosure when its release would cause a clearly unwarranted invasion of personal privacy.

Agency employees advised this office that they do not maintain the arrival time of the horses at the slaughter plants only the load time. Furthermore, the information from the October 2005 VS 10-13 forms has not been entered into the database at this time. If, at a later date, you are still interested in receiving the information from the October 2005 VS 10-13 forms, you will need to submit a new FOIA request.

You may appeal our denial of this information and/or no records determination. If you choose to appeal, your appeal must be in writing and must be sent within 45 days of the date of this letter to:

Administrator
Animal and Plant Health Inspection Service
Ag Box 3401
Washington, D.C. 20250-3401

Please refer to FOIA 06-058 in your appeal letter and add the words "FOIA Appeal" to the front of the envelope. To assist the Administrator in reviewing your appeal, provide specific reasons why you believe modification of the determination is warranted.

Also contained on the CD-ROM are copies of your FOIA request, this response letter, and Adobe® Acrobat® Reader™, which is needed to view the responsive records. By opening rp505enu.exe and following the on-screen instructions, you will install Adobe Reader. After the installation, the Adobe Reader should render the PDF files correctly.
